

UCSI Resort, Springhill, Rooftop Skybar

## BACKGROUND

From its humble beginnings as UCSI Group's in-house ID provider, Dots constantly punched above its weight to become the entrepreneurial ID firm it is today. Presently, the prize projects in Dots' portfolio include the Le Quadri boutique hotel, the UCSI International School and the UCSI University Hospital, among others.

At Dots, we are passionate to deliver creative concepts and visionary designs to meet – and exceed – our clients' expectations. Regardless of the challenges, our versatile and multi-disciplinary team is committed to offer unsurpassed design and service, while providing solutions to enhance operational needs.

## PHILOSOPHY

Our commitment to create a unique, compelling and exclusive service to enhance the integration of design knowledge with the built environment is paramount and we will not rest until that is achieved.
